

**Nome: Lyda Nolan**

Idade: 98

Gênero: female

**Anamnese:**

Received certificate of high school equivalency (finding), Essential hypertension (disorder), Body mass index 30+ - obesity (finding), Past pregnancy history of miscarriage (situation), Localized, primary osteoarthritis of the hand, Hyperlipidemia, Chronic kidney disease stage 1 (disorder), Disorder of kidney due to diabetes mellitus (disorder), Ischemic heart disease (disorder), Abnormal findings diagnostic imaging heart+coronary circulat (finding), Familial Alzheimer's disease of early onset (disorder), Chronic kidney disease stage 2 (disorder), Microalbuminuria due to type 2 diabetes mellitus (disorder), Has a criminal record (finding), Loss of teeth (disorder), Chronic sinusitis (disorder), Chronic kidney disease stage 3 (disorder), Proteinuria due to type 2 diabetes mellitus (disorder), Osteoporosis (disorder), Victim of intimate partner abuse (finding), Chronic pain (finding), Chronic low back pain (finding), Chronic neck pain (finding), Full-time employment (finding), Stress (finding), Gingivitis (disorder), Social isolation (finding), Medication review due (situation), Part-time employment (finding), Gingivitis (disorder), Medication review due (situation), Gingival disease (disorder), Primary dental caries (disorder), Medication review due (situation), Not in labor force (finding), Gingivitis (disorder), Full-time employment (finding), Stress (finding), Reports of violence in the environment (finding), Medication review due (situation), Part-time employment (finding), Social isolation (finding), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Not in labor force (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Social isolation (finding), Medication review due (situation), Limited social contact (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Limited social contact (finding), Medication review due (situation), Stress (finding), Gingivitis (disorder), Primary dental caries (disorder), Not in labor force (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Stress (finding), Gingivitis (disorder), Infection of tooth (disorder), Medication review due (situation), Not in labor force (finding), Medication review due (situation), Part-time employment (finding), Stress (finding), Primary dental caries (disorder), Medication review due (situation), Full-time employment (finding), Limited social contact (finding), Gingivitis (disorder), Medication review due (situation), Gingival disease (disorder), Medication review due (situation), Social isolation (finding), Reports of violence in the environment (finding), Not in labor force (finding), Gingivitis (disorder), Part-time employment (finding), Social isolation (finding), Full-time employment (finding), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Medication review due (situation), Stress (finding), Gingivitis (disorder), Primary dental caries (disorder), Medication review due (situation), Medication review due (situation), Medication review due (situation), Not in labor force (finding), Part-time employment (finding), Infection of tooth (disorder), Full-time employment (finding), Gingivitis (disorder), Gingival disease (disorder), Medication review due (situation), Limited social contact (finding), Gingivitis (disorder), Medication review due (situation), Social isolation (finding), Stress (finding), Medication review due (situation), Part-time

employment (finding), Social isolation (finding), Medication review due (situation), Full-time employment (finding), Stress (finding), Not in labor force (finding), Gingivitis (disorder), Medication review due (situation), Primary dental caries (disorder), Full-time employment (finding), Gingivitis (disorder), Primary dental caries (disorder), Not in labor force (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Social isolation (finding), Stress (finding), Dental filling lost (finding), Victim of intimate partner abuse (finding), Gingivitis (disorder), Infection of tooth (disorder), Medication review due (situation), Social isolation (finding), Reports of violence in the environment (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Stress (finding), Medication review due (situation), Medication review due (situation), Not in labor force (finding), Social isolation (finding), Medication review due (situation), Part-time employment (finding), Victim of intimate partner abuse (finding), Full-time employment (finding), Gingivitis (disorder), Social isolation (finding), Stress (finding), Medication review due (situation), Victim of intimate partner abuse (finding), Medication review due (situation), Medication review due (situation), Limited social contact (finding), Stress (finding), Part-time employment (finding), Medication review due (situation), Gingival disease (disorder), Acute viral pharyngitis (disorder), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Social isolation (finding), Medication review due (situation), Stress (finding), Gingival disease (disorder), Medication review due (situation), Limited social contact (finding), Gingivitis (disorder), Medication review due (situation), Stress (finding), Social isolation (finding), Medication review due (situation), Part-time employment (finding), Limited social contact (finding), Medication review due (situation), Full-time employment (finding), Limited social contact (finding), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Medication review due (situation), Primary dental caries (disorder), Medication review due (situation), Part-time employment (finding), Stress (finding), Full-time employment (finding), Medication review due (situation), Not in labor force (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Gingivitis (disorder), Medication review due (situation), Gingival disease (disorder), Limited social contact (finding), Stress (finding), Medication review due (situation), Leaking dental filling (finding), Unemployed (finding), Stress (finding), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Stress (finding), Medication review due (situation), Mitral valve regurgitation (disorder), Medication review due (situation), Limited social contact (finding), Stress (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Social isolation (finding), Stress (finding), Stress (finding), Gingivitis (disorder), Limited social contact (finding), Severe anxiety (panic) (finding), Gingival disease (disorder), Stress (finding), Limited social contact (finding), Stress (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Stress (finding), Medication review due (situation), Limited social contact (finding), Reports of violence in the environment (finding), Medication review due (situation), Limited social contact

(finding), Stress (finding), Social isolation (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Medication review due (situation), Not in labor force (finding), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Medication review due (situation), Stress (finding), Not in labor force (finding), Stress (finding), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Medication review due (situation), Stress (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Medication review due (situation), Limited social contact (finding), Full-time employment (finding), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Primary dental caries (disorder), Sinusitis (disorder), Full-time employment (finding), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Medication review due (situation), Limited social contact (finding), Gingivitis (disorder), Medication review due (situation), Social isolation (finding), Medication review due (situation), Stress (finding), Victim of intimate partner abuse (finding), Social isolation (finding), Part-time employment (finding), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Gingival disease (disorder), Medication review due (situation), Medication review due (situation), Medication review due (situation), Limited social contact (finding), Medication review due (situation), Primary dental caries (disorder), Medication review due (situation), Social isolation (finding), Medication review due (situation), Stress (finding), Medication review due (situation), Part-time employment (finding), Fractured dental filling (finding), Medication review due (situation), Full-time employment (finding), Stress (finding), Gingivitis (disorder), Fracture of bone (disorder), Closed fracture of hip, Pathological fracture due to osteoporosis (disorder), Limited social contact (finding), Victim of intimate partner abuse (finding), Gingivitis (disorder), Medication review due (situation), Not in labor force (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Stress (finding), Medication review due (situation), Medication review due (situation), Limited social contact (finding), Gingivitis (disorder), Gingival disease (disorder), Medication review due (situation), Unemployed (finding), Severe anxiety (panic) (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Gingivitis (disorder), Social isolation (finding), Stress (finding), Limited social contact (finding), Medication review due (situation), Medication review due (situation), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Medication review due (situation), Reports of violence in the environment (finding), Gingival disease (disorder), Medication review due (situation), Full-time employment (finding), Stress (finding), Limited social contact (finding), Not in labor force (finding), Stress (finding), Medication review due (situation), Gingival disease (disorder)

### **Exame Físico:**

Última altura registrada: 156.3 cm

Último peso registrado: 68.2 kg

Última pressão arterial registrada: Não disponível

### **Hipóteses Diagnósticas:**

- Hyperlipidemia
- Not in labor force (finding)
- Disorder of kidney due to diabetes mellitus (disorder)
- Localized, primary osteoarthritis of the hand
- Microalbuminuria due to type 2 diabetes mellitus (disorder)
- Osteoporosis (disorder)
- Loss of teeth (disorder)
- Social isolation (finding)
- Has a criminal record (finding)
- Received certificate of high school equivalency (finding)
- Chronic kidney disease stage 1 (disorder)
- Essential hypertension (disorder)
- Chronic sinusitis (disorder)
- Past pregnancy history of miscarriage (situation)
- Mitral valve regurgitation (disorder)
- Chronic low back pain (finding)
- Familial Alzheimer's disease of early onset (disorder)
- Body mass index 30+ - obesity (finding)
- Chronic neck pain (finding)
- Stress (finding)
- Chronic kidney disease stage 3 (disorder)
- Proteinuria due to type 2 diabetes mellitus (disorder)
- Chronic kidney disease stage 2 (disorder)
- Ischemic heart disease (disorder)
- Chronic pain (finding)
- Abnormal findings diagnostic imaging heart+coronary circulat (finding)

### **Diagnósticos Definitivos:**

Nenhum diagnóstico definitivo registrado

### **Tratamentos Efetuados:**

- 24 HR metoprolol succinate 100 MG Extended Release Oral Tablet
- Acetaminophen 325 MG Oral Tablet [Tylenol]
- Nitroglycerin 0.4 MG/ACTUAT Mucosal Spray
- Simvastatin 10 MG Oral Tablet
- Ibuprofen 200 MG Oral Tablet
- Acetaminophen 325 MG / HYDROcodone Bitartrate 7.5 MG Oral Tablet
- Alendronic acid 10 MG Oral Tablet
- Tratamento desconhecido
- amLODIPine 2.5 MG Oral Tablet
- lisinopril 10 MG Oral Tablet
- Hydrochlorothiazide 25 MG Oral Tablet
