

**Nome: Rosaura O'Reilly**

Idade: 48

Gênero: female

**Anamnese:**

Only received primary school education (finding), Prediabetes, Past pregnancy history of miscarriage (situation), Essential hypertension (disorder), Anemia (disorder), Diabetes mellitus type 2 (disorder), Hypertriglyceridemia (disorder), Metabolic syndrome X (disorder), Chronic kidney disease stage 1 (disorder), Disorder of kidney due to diabetes mellitus (disorder), Chronic kidney disease stage 2 (disorder), Microalbuminuria due to type 2 diabetes mellitus (disorder), Chronic kidney disease stage 3 (disorder), Proteinuria due to type 2 diabetes mellitus (disorder), Gingivitis (disorder), Full-time employment (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Viral sinusitis (disorder), Stress (finding), Medication review due (situation), Gingivitis (disorder), Normal pregnancy, Miscarriage in first trimester, Complete miscarriage (disorder), Limited social contact (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Full-time employment (finding), Limited social contact (finding), Stress (finding), Medication review due (situation), Social isolation (finding), Medication review due (situation), Stress (finding), Gingivitis (disorder), Normal pregnancy, Gingival disease (disorder), Medication review due (situation), Body mass index 30+ - obesity (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Stress (finding), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Viral sinusitis (disorder), Medication review due (situation), Medication review due (situation), Stress (finding), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Full-time employment (finding), Social isolation (finding), Gingivitis (disorder), Part-time employment (finding), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Severe anxiety (panic) (finding), Normal pregnancy, Medication review due (situation), Stress (finding), Medication review due (situation), Part-time employment (finding), Stress (finding), Full-time employment (finding), Not in labor force (finding), Gingivitis (disorder), Full-time employment (finding), Stress (finding), Has a criminal record (finding), Gingival disease (disorder), Social isolation (finding), Stress (finding), Dental filling lost (finding), Medication review due (situation), Medication review due (situation), Stress (finding), Part-time employment (finding), Social isolation (finding), Full-time employment (finding), Primary dental caries (disorder), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Full-time employment (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Full-time employment (finding), Limited social contact (finding), Gingivitis (disorder), Dental filling lost (finding), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Gingivitis (disorder), Medication review due (situation), Social isolation (finding), Gingivitis (disorder), Medication review due (situation), Stress (finding), Gingivitis (disorder), Severe anxiety (panic) (finding), Stress (finding), Medication review due (situation), Gingivitis (disorder), Medication

review due (situation), Gingival disease (disorder), Gingivitis (disorder), Loose dental filling (finding), Gingivitis (disorder), Primary dental caries (disorder), Reports of violence in the environment (finding), Primary dental caries (disorder), Part-time employment (finding), Stress (finding), Medication review due (situation), Full-time employment (finding), Gingivitis (disorder), Not in labor force (finding), Unhealthy alcohol drinking behavior (finding), Gingivitis (disorder), Primary dental caries (disorder), Full-time employment (finding), Part-time employment (finding), Stress (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Social isolation (finding), Stress (finding), Gingival disease (disorder), Medication review due (situation), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Chronic kidney disease stage 4 (disorder), Ischemic heart disease (disorder), Abnormal findings diagnostic imaging heart+coronary circulat (finding), Awaiting transplantation of kidney (situation), Part-time employment (finding), Medication review due (situation), Limited social contact (finding), Stress (finding), Gingivitis (disorder), Medication review due (situation), Full-time employment (finding), Medication review due (situation), Medication review due (situation), Stress (finding), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Full-time employment (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Limited social contact (finding), Medication review due (situation), Full-time employment (finding), Victim of intimate partner abuse (finding), Acute bronchitis (disorder), Medication review due (situation), Stress (finding), Gingivitis (disorder), Medication review due (situation), Limited social contact (finding), Reports of violence in the environment (finding), Gingivitis (disorder), Dental filling lost (finding), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Full-time employment (finding), Social isolation (finding), Not in labor force (finding), Stress (finding), Medication review due (situation), Full-time employment (finding), Gingivitis (disorder), Medication review due (situation), Medication review due (situation), Part-time employment (finding), Stress (finding), Not in labor force (finding), Gingivitis (disorder), Full-time employment (finding), Medication review due (situation), Gingivitis (disorder), Loose dental filling (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Medication review due (situation), Full-time employment (finding), Stress (finding), Medication review due (situation), Medication review due (situation), Medication review due (situation), Medication review due (situation), Misuses drugs (finding), Gingivitis (disorder), Medication review due (situation), Limited social contact (finding), Stress (finding), Victim of intimate partner abuse (finding), Medication review due (situation), Reports of violence in the environment (finding), Medication review due (situation), Medication review due (situation), Not in labor force (finding), Medication review due (situation), Full-time employment (finding), Stress (finding), Medication review due (situation), Part-time employment (finding), Gingivitis (disorder), Full-time employment (finding), Medication review due (situation), Gingival disease (disorder), Medication review due (situation), Gingivitis (disorder), Medication review due (situation), Part-time employment (finding), Medication review due (situation), Full-time employment (finding), Victim of intimate partner abuse (finding), Primary dental caries (disorder), Medication review due (situation), Not in labor force (finding), Medication review due (situation), Full-time employment (finding), Stress (finding), Not

in labor force (finding), Medication review due (situation), Part-time employment (finding), Unhealthy alcohol drinking behavior (finding), Medication review due (situation), Stress (finding), Full-time employment (finding), Medication review due (situation), Primary dental caries (disorder), Suspected lung cancer (situation), Part-time employment (finding), Victim of intimate partner abuse (finding), Gingivitis (disorder), Non-small cell lung cancer (disorder), End-stage renal disease (disorder), Non-small cell carcinoma of lung, TNM stage 1 (disorder), Limited social contact (finding), Stress (finding)

### **Exame Físico:**

Última altura registrada: 164.1 cm

Último peso registrado: 4.2062 kg

Última pressão arterial registrada: Não disponível

### **Hipóteses Diagnósticas:**

- Non-small cell carcinoma of lung, TNM stage 1 (disorder)
- Prediabetes
- Disorder of kidney due to diabetes mellitus (disorder)
- Microalbuminuria due to type 2 diabetes mellitus (disorder)
- Limited social contact (finding)
- Diabetes mellitus type 2 (disorder)
- Has a criminal record (finding)
- Medication review due (situation)
- Part-time employment (finding)
- Awaiting transplantation of kidney (situation)
- Anemia (disorder)
- Chronic kidney disease stage 1 (disorder)
- Essential hypertension (disorder)
- Past pregnancy history of miscarriage (situation)
- Body mass index 30+ - obesity (finding)
- Suspected lung cancer (situation)
- Metabolic syndrome X (disorder)
- End-stage renal disease (disorder)
- Chronic kidney disease stage 3 (disorder)
- Proteinuria due to type 2 diabetes mellitus (disorder)
- Hypertriglyceridemia (disorder)
- Chronic kidney disease stage 2 (disorder)
- Chronic kidney disease stage 4 (disorder)
- Non-small cell lung cancer (disorder)
- Ischemic heart disease (disorder)
- Only received primary school education (finding)
- Abnormal findings diagnostic imaging heart+coronary circulat (finding)

### **Diagnósticos Definitivos:**

Nenhum diagnóstico definitivo registrado

### **Tratamentos Efetuados:**

- Seasonique 91 Day Pack
- 24 HR metoprolol succinate 100 MG Extended Release Oral Tablet
- Camila 28 Day Pack
- Clopidogrel 75 MG Oral Tablet

- Nitroglycerin 0.4 MG/ACTUAT Mucosal Spray
- Jolivette 28 Day Pack
- Simvastatin 20 MG Oral Tablet
- Acetaminophen 325 MG Oral Tablet
- insulin isophane, human 70 UNT/ML / insulin, regular, human 30 UNT/ML Injectable Suspension [Humulin]
- Tratamento desconhecido
- lisinopril 10 MG Oral Tablet
